# Why Have Private Health Insurance?

#### **LESS TIME WAITING**

If you rely on the public system, you'll be put onto the public hospital waiting list, which could mean waiting months (or more) for your procedure. On the day of your planned surgery, you could be bumped if there are any emergency admissions that need your theatre room.

You could be waiting:

- 77+ days for a hysterectomy
- 118+ days for cataract extraction
- 189+ days to have varicose vein surgery
- 135+ days for a total hip replacement
- 187+ days to remove tonsils
- 265+ days for a total knee replacement

And 50% of people will wait even longer than that. With private hospital cover, you'll be in hospital as soon as your doctor's ready, provided your waiting periods have already been served.

\*Source: Australian Institute of Health and Welfare, Elective surgery waiting times 2023-24: data tables, Table 4.6

#### **CHOOSE YOUR DOCTOR**

It's important to feel comfortable with your doctor, and private hospital cover lets you choose who treats you. In a public hospital, you'll be treated by the doctor on duty, unless you go in as a private patient (when you can choose).

### ACCESS TO MORE HEALTHCARE OPTIONS

Your choice of both public and private hospitals so that you can have access to the latest and greatest facilities and technology when you need them most.

#### **SAVE ON TAX**

High income earners could save tax by taking out hospital cover. See information on the Medicare Levy Surcharge on page 16 for more information.

#### **AVIOD PAYING A LOADING**

Lifetime Health Cover Loading is a government imposed charge for not taking out hospital cover by 1 July after your 31st birthday. See page 16 for details.

#### AUSTRALIAN GOVERNMENT REBATE

The Government offers people a rebate to help you cover the cost of your private hospital and extras cover. See page 15 to see if you're eligible.

#### AVOID PAINFUL FULL-COST PRIVATE HOSPITAL BILLS

You might be surprised by how much it costs to pay for a private hospital procedure without private hospital insurance. To give you an idea, these are the highest hospital costs for individual members we paid in the 2024 financial year:

ADMISSION REASON	TOTAL BENEFIT PAID
Heart and Vascular System	\$65,033
Brain and Nervous System	\$61,426

Included

### Please keep in mind that this isn't the full list of services covered. If you're planning a trip to hospital, it's always a good idea to call us and check what you are covered for before being admitted.

The need for hospital treatment can arise at any time for you or your family. Our Gold Hospital Cover can give you peace of mind to know that you are covered should you or your family ever need it.

Please keep in mind that waiting periods, including those for pre-existing conditions, may apply. Visit myrbhs.com.au/ health-insurance/hospitalcover/gold-hospital/ to find out more.

#### **EXTENDED FAMILY COVER^**

RBHS currently covers children on their parents' membership until they're 18 years of age, or 25 if they are studying full-time and not married or living with their partner. If your child reaches 18 and they're not studying full-time (and not married or living with their partner), RBHS Extended Family cover option lets you keep them on your membership until they're 25 for an additional premium. For more information or to add your adult child to your policy, call us on 1800 027 299.

^Extended family cover is only available on Gold Hospital cover.

#### ACCESS GAP

If a doctor charges you more than the MBS, the difference is known as a 'medical gap'. RBHS has arrangements with more than 30,000 doctors Australia wide where additional benefits are payable by the RBHS to reduce or eliminate 'medical gaps' faced by members. This scheme is known as Access Gap. To find out more about Access Gap and which specialists have taken part in the past, visit myrbhs.com.au.

Please contact the hospital before your admission as they will need to advise you of any additional charges for your stay.

Please contact us if you are planning a hospital admission so we can talk you through your cover and any out-of-pocket costs you might have.

# Waiting Periods and Important Information

#### WAITING PERIODS

A waiting period is a length of time applied to each new health cover and also applies when cover is upgraded. During this period, benefits are generally not payable. RBHS will provide continuity of cover for anyone transferring directly from another registered Australian health fund provided that an equivalent or a higher level of cover was held. To be eligible for continuity of cover the transferring health cover must be financial and a Transfer Certificate must be provided by the previous health fund. Any waiting periods already served will be recognised. If you have served part of your waiting periods with your previous health fund, you will receive waiting period credits when you transfer to RBHS for the portion you have already served.

A pre-existing condition is any ailment, illness, or condition that you had signs or symptoms of (in the opinion of a medical practitioner appointed by the health insurer) that existed during the 6 months before you joined a hospital cover or upgraded to a higher hospital cover. It is not necessary that you or your doctor knew what your condition was or that the condition had been diagnosed. A condition can still be classed as pre-existing even if you hadn't seen your doctor about it before joining the hospital cover or upgrading to a higher hospital cover. Please contact us before any hospital admission to confirm your cover.

#### **EXCESS**

The excess applies to each person on your cover and there is a maximum amount for each person per calendar year. There are different excess options, depending on the product. These include:

- \$500 per person or \$1,000 per couple/family per calendar year.
- \$750 per person or \$1,500 per couple/family per calendar year.

Day surgery: you only pay half the excess per admission.

If you want to change your excess, there is a 2-month waiting period (except for pre-existing conditions and pregnancy and birth, which is 12 months).

**Please note:** If the charge for your first admission is less than the excess amount, any remaining excess must be aid if you're admitted again in the same Membership Year.

Where possible, we recommend that members call the RBHS prior to admission to hospital to confirm details of their cover and any likely charges by the hospital.

Extras cover gives you benefits for things that aren't covered by Medicare, like dental, optical, physiotherapy and more. You can take extras cover on its own however adding hospital cover will cover you for hospital and medical costs.

Benefits are rebated at 90% of the fee charged for each service/item (except where otherwise indicated), up to the maximum benefit payable. Visit myrbhs.com.au/health-insurance/extras-cover/ premium-extras to find out more.

#### LIMITS

For some benefits, there is a limit on the total amount the RBHS will pay each year. Benefits that can be claimed only once a year are renewed on 1 January each year. The two, three and five-yearly benefits are determined from the date the service is first provided. We recommend that you check with us before your service date to ensure that you will be covered.

The 'service date' is defined as the date of treatment or receipt of an item. Members planning any comprehensive and expensive health care should get a quote from the provider, including item numbers and associated costs, and ask us for details of the benefit(s) payable.

\*Set benefits apply per item number for dental (90% up to set benefit). ^Consults only. Sub limits pay apply (contact the fund for the full list of benefits).

### IMPORTANT INFORMATION: EXTRAS

#### **ROLLING YEAR LIMITS**

All multiple year benefits (2 years and over) are calculated on a rolling year basis, from the date of service (instead of calendar year). Multiple year benefits (2 years and over) are divided over that period of time, with lifetime limits being paid over 5 years. For example: with a lifetime limit of \$1,350, \$270 is payable each year for 5 years.

#### HOW TO MAKE AN EXTRAS CLAIM

Electronic – All RBHS members are given a HICAPS membership card when they join, which they can use to claim their benefit EFTPOS style at the time of treatment. A wide variety of practitioners in Australia use HICAPS, including dentists, physiotherapists, optical dispensers, chiropractors, osteopaths, occupational therapists, sychologists and podiatrists.

Just swipe your card at the time of service, sign for thes ervice to validate the claim and pay the gap (if applicable). This means that you do not need to lodge a claim manually, as the RBHS pays your benefit directly to the practitioner.

**Please note:** You must treat your HICAPS membership card like you would a credit card and sign only for services provided. Make sure that you maintain personal control over your card at all times. Additional cards are available for other members of your family upon request. Please report any lost or stolen cards to the RBHS immediately.

**Email** – Complete a claim form online or scan your completed claim form and a copy of all accounts and/or receipts and email them to info@myrbhs.com.au.

# Other Important Information

#### FIND A REGISTERED SERVICE PROVIDER

To find out whether your Hospital, Access Gap doctor or Extras provider is recognised by the RBHS, go to myrbhs.com.au/find-a-provider, email us at info@myrbhs.com.au or call us on 1800 027 299.

#### **RECEIVE MY BENEFIT**

All RBHS Hospital and Extras benefits are paid per person for members and their dependants. If you have paid for a service without using your HICAPS card, you can choose to receive your benefits by direct credit. If you provide your bank account details to the RBHS, benefits will be paid directly to your nominated bank account.

The payment will usually be deposited into your account the day after it is processed. The RBHS does not charge any additional fees for this service.

**Yearly Limits** are based on a calendar year (1 January to 31 December).

**Rolling Year Limits** are based on the first date of service.

#### RATES

Premiums may vary depending on circumstances. For example, if you have a Lifetime Health Cover loading, or if you are eligible for the Australian Government Rebate on Private Health Insurance, your rates will be different (see page 15 for more information).

#### **OPTICAL BENEFITS**

Optical benefits (glasses and contact lenses) are paid only when prescribed by a registered optometrist. Benefits will only be paid where sight correction is necessary. No benefit is payable for nonprescription sunglasses.

#### **PHARMACY BENEFITS**

Pharmacy Benefits apply after the standard Pharmaceutical Benefit Scheme (PBS) amount has been deducted. The PBS amount changes every year on 1 January. This means that you will pay the first PBS amount and the RBHS pays a benefit up to \$160 per claim on the balance. Annual limits apply. Further details are available at pbs.gov.au.

#### COMPLEMENTARY THERAPIES BENEFITS

Complementary therapies benefits are payable on fund recognised services and the provider must be registered with Medicare or the Australian Regional Health Group. Please contact us on 1800 027 299 before undergoing any treatment or purchasing any goods mentioned in the table on page 11 so that we can advise you of the benefits payable.

#### **AMBULANCE COVER**

Did you know that an ambulance ride can cost you thousands? The great news is that all of our covers include Australia wide Ambulance cover. The benefit generally covers the full cost of medically necessary ambulance charges within Australia. It also includes land, air and sea ambulance by a state ambulance provider and has no annual limit. Ambulance subscriptions are not payable by the RBHS.

# Who Pays?

#### **MEDICARE BENEFIT SCHEDULE**

The Medicare Benefit Schedule (MBS) is a list of fees for medical services issued by the Australian Government. If you have private health cover and are admitted to hospital as a private patient, Medicare pays a benefit of 75% of the MBS and the remaining 25% is paid by the RBHS.

Between Medicare, private health insurance and outof-pocket costs, it's important to understand who pays for what Benefits depend on your level of cover and any restrictions, exclusions or waiting periods you have. You can check what you're covered for and your waiting periods using our app, or by calling us on 1800 027 299.

Medicare covers a portion of the fees charged by doctors, general practitioners and specialists, whether for treatment in surgery, in hospitals or on house calls. Medicare also covers such items as anaesthesia, pathology and optometry charges. Items covered by Medicare cannot be covered by private health funds, except when a patient is admitted to a hospital, in which case, the RBHS may pay benefits towards the hospital and medical fees.

# **Government** Incentives

#### There are a few government rules and incentives that apply to health insurance.

#### AUSTRALIAN GOVERNMENT REBATE ON PRIVATE HEALTH INSURANCE

The Federal Government offers a rebate to help with the cost of private health insurance (so that more people would take out private cover), and to help take the pressure off the public hospital system. There are a few things to know about the Government Rebate:

- Its income tested
- It's only applied to the standard cost of your cover. If you have a Lifetime Health Cover loading, the Rebate isn't applied to that portion of your payments
- The Rebate you get is based on the age of the oldest person of your membership, your taxable household income (for Medicare Levy Surcharge purposes), CPI (inflation) and the average health fund industry increase in premiums
- It's up to you to let us know your Rebate Tier. But don't worry if you don't tell us (or choose the wrong one) the ATO will work out any difference when you do your tax
- If you aren't sure which Tier to choose, head to privatehealth.gov.au or ask your tax agent, financial advisor or the ATO
- You don't have to take the Rebate as a reduced premium, you can pay the full cost of your health cover and claim any Rebate back at tax time

	STEP 1: INCOME THRESHOLD	STEP 2: AGE AND REBATE AMOUNT AGE OF OLDEST PERSON ON YOUR MEMBERSHIP			MEDICARE LEVY SURCHARGE This will only apply	
	(For 2025/26 financial year)	UNDER 65 YEARS 65-69 YEARS		70+ YEARS	if you don't have private hospital cover

\*If you are a family with children, the income for each tier is increased by \$1,500 for every child after your first. Family includes couples and single parent families.

For the most up-to-date information and to apply for the Australian Government Rebate, visit myrbhs.com.au/rebate.

#### LIFETIME HEALTH COVER (LHC)

Lifetime Health Cover loading is designed by the government to encourage people to take out hospital cover at a young age. The main points to remember are:

- People who purchase Hospital cover for the first time after 1 July following their 31st birthday will pay a Lifetime Health Cover loading. There are some other exemptions:
  - a) If you migrated to Australia in the last 12 months or were overseas. Visit privatehealth.gov.au for details
  - b) People who were born on or before 1 July 1934
- If you decide to get hospital cover later, you'll pay 2% more for cover for every year you're over 30. Once you take out Hospital Cover, your loading is locked in at the same rate.
- The maximum LHC loading you can have is 70% at 65 years old
- LHC loadings stay on your cover for 10 years. Once you've had hospital cover for 10 years straight the loading is removed (some conditions apply)

Please visit myrbhs.com.au/help-centre/government-rules/lifetime-health-cover-lhc-loading/ for more info about Lifetime Health Coverhospital, in which case, the RBHS may pay benefits towards the hospital and medical fees.

#### **MEDICARE LEVY SURCHARGE**

The Medicare Levy Surcharge (MLS) applies to Australian taxpayers who do not hold private hospital cover for the full financial year and who earn above a certain income (\$101,000 for singles and \$202,000 for couples and families in the 2025/26 financial year).

The surcharge is calculated between 1% and 1.5%, dependent on your household income. It is in addition to the Medicare Levy of 2%, which is paid by most Australian taxpayers. The MLS is imposed on individuals earning over the income threshold who do not have an appropriate level of Hospital cover. RBHS Hospital covers exempts you from the Medicare Levy Surcharge.

As well as promoting improved standards in clarity of information given to members, it aims to solve problems between members and the RBHS through internal dispute resolution. The Code also ensures that funds inform their members of their entitlement to seek assistance from an external dispute resolution body, such as the Private Health Insurance Ombudsman (PHIO).

Each health fund has a short summary of every product in a standard format to help you compare them side by side. They are called Private Health Information Statements (PHIS) and you can easily get them from the Private Health Insurance Ombudsman's website by visiting health.gov.au/resources/apps-and-tools/compare-health-insurance-policies.

#### **PRIVACY POLICY**

The RBHS is subject to the Privacy Act 1988 and aims to comply fully with its obligations under this Act. The Act also contains a number of Privacy Principles, which the RBHS adheres to. To obtain a full copy of the RBHS privacy policy, visit myrbhs.com.au/privacypolicy or call us on 1800 027 299.
